

ENGINEERED FOR INNOVATION

October 2–6, 2011
Moscone Center, San Francisco

Focus On Oracle Primavera

At Oracle OpenWorld 2011 you will be able join business professionals and technology experts for a broad range of sessions, demos, and activities that will help you learn how you can address the critical issues facing organizations today. The Oracle Primavera track has been designed for you to gain valuable information on how to respond to a changing business environment, stay ahead of the curve, and effectively manage your entire project portfolio from prioritization to delivery. Don't forget to stop by Oracle [DEMOgrounds](#) for an exciting line up of exhibitors and view a product demonstration of the newest and greatest Oracle Primavera solutions at the **Project Portfolio Management Pavilion** at 3547 Moscone West! This document summarizes the highlights of the conference for Oracle Primavera. Make sure to check out the other [PPM tracks](#) including Fusion PPM and others so that you can take advantage of the complete Oracle OpenWorld experience!
